DESCRIPTION:

DMK : it is used for cleaning and controlling of duct systems

MATERIAL:

Extruded Aluminum Frame, Galvanized stell Cover or Aluminum Cover

APPLICATION:

DMK Series Access door: Provides an access door function for fan coil units and mechanical installation

The access door opens and closes on a push-push action. It locks on the first push and releases with the second push.

FINISHING:

- Standard finishing is natural anodized. Electrostatic powder coating is optional.
- Standard colours are RAL 9010 and RAL 9016 . Other colours are available with enamel paint.
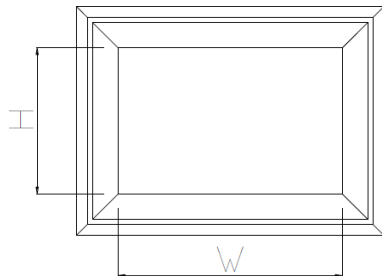

INSTALLATION:

- System with screws is standard.
- System with clips and plate spring is used if no hole is requested on the frame.

ACCESSORIES:

- The cover can be produced with insulated or uninsulated
- Open-close mechanism, automatic touch-operated and Hinged
