

**DESCRIPTION:**

FMK : Access door with Fixed single row wings, Angled wing grilles.

LMK1 : Linear grille with 15° angle fixed standard blades

LMK2 : Linear grille with 15° angle fixed slim type blades

LMK3 : Linear grille with 35° angle fixed type blades

LMK-Y 1,2,3 : Linear grille for floor applications with special mounting frame

MATERIAL:

Extruded Aluminum Frame and Blades.

APPLICATION:

FMK Series control covers, with low pressure losses of air in large quantities; The distributor offers architectural solutions thanks to its decorative appearance, making it easy to control a fault or system thanks to its on-off feature, as used in floor type fan-coils.

FINISHING:

- Standard finishing is natural anodized. Electrostatic powder coating is optional.
- Standard colours are RAL 9010 and RAL 9016 . Other colours are available with enamel paint.

INSTALLATION:

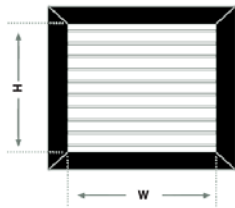

- Place it on top of the Fan-coil as standard.

ACCESSORIES:

- EU2, EU3, EU4, EU5 type synthetic filter on back of grille
